The image shows the Google Sign in page for YouTube. At the top is the Google logo, followed by the text "Sign in to continue to YouTube". Below this is a text input field labeled "Email or phone" containing the email address "ahmed.salibi@gmail.com". To the left of the input field is a link "Forgot email?". Below the input field is a message: "Not your computer? Use Guest mode to sign in privately." followed by a link "Learn more". At the bottom of the sign-in area are two buttons: "Create account" on the left and "Next" on the right. A white dropdown menu is open over the "Create account" button, showing two options: "For myself" (which is highlighted with a red dashed border) and "To manage my business". An orange arrow points from a circle containing the number "6" to the "For myself" option. At the very bottom of the page, there are links for "English", "Help", "Privacy", and "Terms".

Get more from your number

If you like, you can add your phone number to your account for use across Google services. [Learn more](#)

For example, your number will be used to

-  Receive video calls & messages
-  Make Google services, including ads, more relevant to you

Privacy and Terms

To create a Google Account, you'll need to agree to the [Terms of Service](#) below.

In addition, when you create an account, we process your information as described in our [Privacy Policy](#), including these key points:

Data we process when you use Google

- When you set up a Google Account, we store information you give us like your name, email address, and telephone number.
- When you use Google services to do things like write a message in Gmail or comment on a YouTube video, we store the information you create.
- When you search for a restaurant on Google Maps or watch a video on YouTube, for example, we process information about that activity – including information like the video you watched, device IDs, IP addresses, cookie data, and location.
- We also process the kinds of information described above when you use apps or sites that use Google

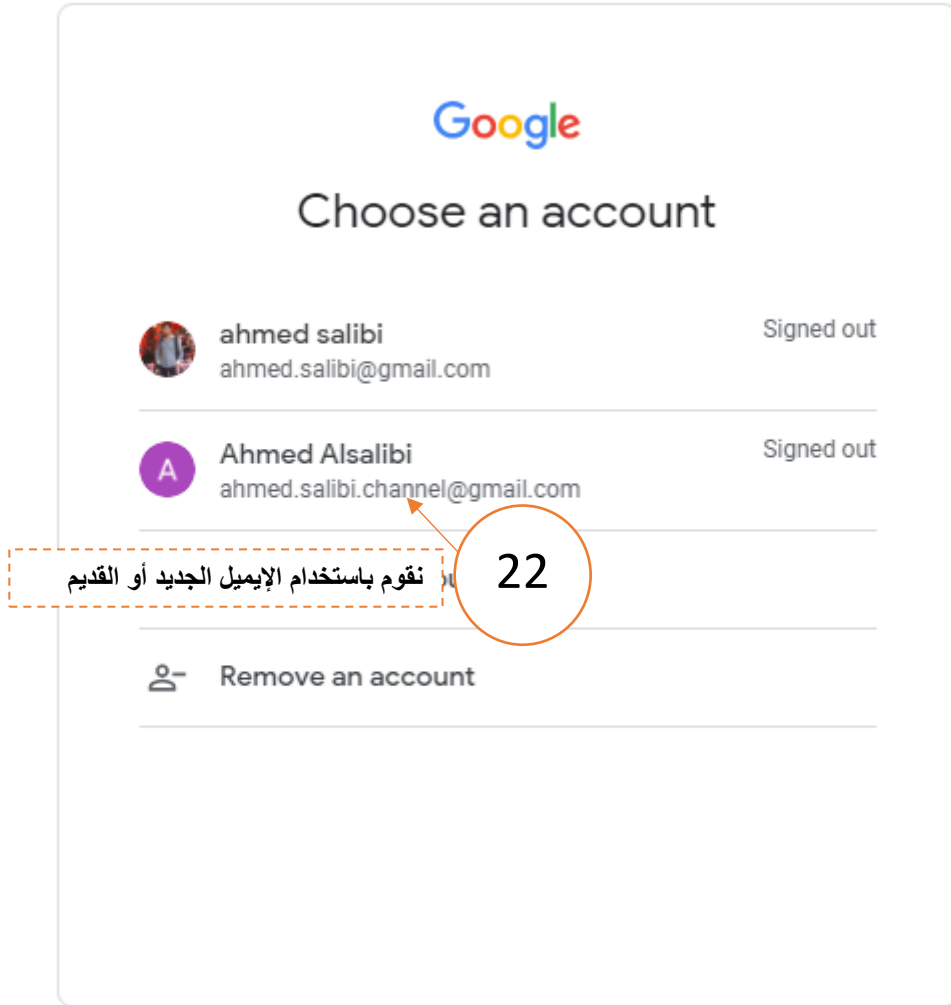

You're in control of the data we collect & how it's used
